

Minutes of the 95th State Level Single Window Clearance Authority (SLSWCA) meeting held on 09/10/2020 at 04.00 PM from the Chief Secretary's Office through Web Conferencing.

The meeting was chaired by the Chief Secretary, Odisha. The list of members present is annexed.

Chairman, IPICOL, welcomed the chairperson and other participants and proceeded with the agenda.

Agenda Item No.1: Confirmation of the minutes of 94th SLSWCA meeting held on 02/09/2020

Minutes of the 94th SLSWCA meeting held on 02/09/2020 were confirmed.

Agenda Item No.2: Action taken report on the 94th SLSWCA meeting.

SLSWCA noted the action taken on various items and further decided that.

1. DoWR shall finalize the modalities for development/construction of in-stream barrages to facilitate water availability. The policy in this regard should be finalised at the earliest.
2. IDCO was advised to form a special taskforce to identify land parcels which are unutilized with Temple Administration, as well as with various other Govt. departments e.g. Agriculture, Horticulture, soil conservation farmers. These lands must be brought to IDCO land bank, and physical possession of land to be taken over by 15th December, 2020. An update on this activity be presented to SLSWCA from time to time.

Agenda Item No.3:

Proposal of M/s Jindal Steel and Power Ltd for Expansion of its Integrated steel plant from 6 MTPA to 18.6 MTPA, 36 MTPA underground Slurry Pipe line in two phases and 12.5 MTPA Cement plant and with a total investment of Rs. 76,018.00 Crore at Angul.

After detailed discussion, SLSWCA recommended the proposal of the company to HLCA, subject to the following terms and conditions:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage / assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.

4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of State Level Single Window Clearance Authority (SLSWCA) / HLCA as the case may be.
5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.
6. The allotment of water quantity and source of water is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/ IPICOL.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.
8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.
9. The company must take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policy issued by Govt. from time to time, and register itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rain water harvesting and ground water recharge is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
 - i. The transfer of the project takes place under a court order or statutory pronouncement
 - ii. When the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013.

Condition No. 15 shall not be applicable for the project. Since land has already been allocated and is in possession of the company. However, the following additional condition shall be applicable:

1. As the route of the pipeline will be in the ROW area of the NH, SH, PWD, other rural/forest roads and it also has to cross rivers, Nallahs, water bodies in its route, requisite permission from different authorities shall be obtained by the proponent, as applicable.

Agenda Item No.4:

Proposal of M/s Jindal Stainless Ltd for Expansion of its Crude Stainless Steel capacity From 1.1 MTPA to 3.2 MTPA and Cold Rolling Mill capacity from 0.8 MTPA to 2.4 MTPA with an investment of Rs. 6,840 crores at Kalinga Nagar.

After detailed discussion, SLSWCA recommended the proposal of the company to HLCA, subject to the following terms and conditions:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage / assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.
4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of State Level Single Window Clearance Authority (SLSWCA).
5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.
6. The allotment of water quantity is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/ IPICOL.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.
8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.
9. The company shall take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policy issued by Govt. from time to time, and register itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rainwater harvesting and ground water recharge is mandatory for industrial establishment.

13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
 - i. The transfer of the project takes place under a court order or statutory pronouncement
 - ii. when the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013.

Condition No. 15 shall not be applicable for the project since land for the project has already been allocated and is in possession of the company.

Agenda Item No. 5:

Proposal of M/s. Essar Minmet Ltd for setting up 14 MTPA Beneficiation at Keonjhar & 14 MTPA Pellet Plant at Paradip and 14 MTPA Slurry pipe line with a total investment of Rs. 6,650.00 crores.

After detailed discussion, SLSWCA recommended the proposal of the company to HLCA, subject to the following terms and conditions:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage / assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.
4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of State Level Single Window Clearance Authority (SLSWCA).
5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.
6. The allotment of water quantity is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/ IPICOL.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.

8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.
9. The company must take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policy issued by Govt. from time to time, and registers itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rain water harvesting and ground water recharge is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
 - i. The transfer of the project takes place under a court order or statutory pronouncement
 - ii. When the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013.

Condition No. 15 shall not be applicable for the project. However, the following additional conditions shall be applicable:

1. As the route of the pipeline will be in the ROW area of the NH, SH, PWD, other rural/forest roads and it also has to cross rivers, Nallahs, water bodies in its route, requisite permission from different authorities shall be obtained by the proponent, as applicable.

Agenda Item No. 6:

Proposal of M/s ArcelorMittal Nippon Steel India Limited for expansion of its Beneficiation Plant from 10.76 MTPA to 16.76 MTPA at Dubuna, Dist- Keonjhar and Pellet Plant from 6 MTPA to 12 MTPA at Paradip, Dist- Jagatsinghpur with an investment of Rs. 2,000 Cr.

After detailed discussion, SLSWCA recommended the proposal of the company to HLCA, subject to the following terms and conditions:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage / assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.
4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of State Level Single Window Clearance Authority (SLSWCA).
5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.
6. The allotment of water quantity is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/ IPICOL.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.
8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.
9. The company must take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policy issued by Govt. from time to time, and register itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rainwater harvesting and ground water recharge is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
 - i. The transfer of the project takes place under a court order or statutory pronouncement
 - ii. When the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013.

Mr. J

Agenda Item No. 7:

Proposal of M/s. Shyam Metalics and Energy Limited for expansion of its steel plant from 0.77 MTPA to 2.373 MTPA by adding capacities of 1.6 MTPA Induction Furnace, 0.39 MTPA BF, 0.55 MTPA DRI, 223 MW CPP, 1.8 MTPA Pellet plant, 0.9 MTPA Rolling Mill, Producer Gas plant 96450 NM3 and 0.13 MTPA Sinter plant for Captive and Non Captive use at Pandloi, Dist-Sambalpur, with a total investment of Rs. 1,205.00 Crore.

After detailed discussion, SLSWCA recommended the proposal of the company to HLCA, subject to the following terms and conditions:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.

4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of State Level Single Window Clearance Authority (SLSWCA).
5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.
6. The allotment of water quantity is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/ IPICOL.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.
8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.

9. The company shall take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policy issued by Govt. from time to time, and register itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rainwater harvesting and ground water recharge is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
 - i. The transfer of the project takes place under a court order or statutory pronouncement.
 - ii. When the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013.

As the land is already available, the condition 15 may not be applicable to the project.

Agenda Item No.13:

De-allocation of water of M/s Jindal Steel & Power Ltd, Angul

After detailed discussion, SLSWCA approved the de-allocation of 16.16 cusec of water of M/s Jindal Steel & Power Ltd, Angul from its present allocation. DoWR to take further necessary action in the matter.

Any other matters with permission of Chair

1) Presentation by CMD, IDCO on Plug and Play Industrial infrastructure

A presentation was made by CMD, IDCO about the existing and upcoming Industrial Estates including Anugul Aluminium Park, Deras Sea Food Park and Paradeep Plastic Park. IDCO shall also be developing similar Industrial Estates at designated nodes in the Odisha Economic Corridor as approved recently by NICDIT of Government of India.

Further several other theme specific Industrial Parks are also being planned such as Technical Textile Park Bhadrak, Food Parks at Nawarangpur, Kalahandi, Bolangir, Bargarh and Cuttack. IDCO has also taken up preparation of detailed project report for MSME Parks along the Biju Express Way.

While appreciating the recent steps taken up by IDCO to set up sector specific Industrial Parks SLSWCA decided the following :-

- a) IDCO shall take up the possession of land in the proposed Mallipada Industrial area and complete the barbed wire fencing / trench so as to secure the industrial area latest by 15.12.2020.
- b) IDCO shall take up possession of suitable lands from other Departments such as Agriculture Department, Horticulture Department, Soil Conservation Department and Endowment lands, temple lands extra land in possession of other agencies such as OHPC (Rengali etc.). A survey in this regard shall be taken up by IDCO. A report in this regard be presented in the next meeting of SLSWCA along with an Action Plan for transfer of such lands to IDCO land bank.
- c) An exercise shall be done by IDCO to identify the surplus / unused lands earmarked for companies who had earlier signed MoU with Government of Odisha and a report in this regard shall also be placed before the SLSWCA.
- d) A short to medium term action plan to set up Plug and Play mode industrial parks shall be presented by IDCO in the ensuing meeting of SLSWCA.

2) Charge for water usage in slurry pipelines.

Keeping in view of the large number of slurry pipelines set up/to be set up in the State and its impact on the state revenue as well as employment generation in the transport sector, it is felt necessary to levy suitable charge on the use of water for slurry pipelines. Accordingly, the Department of W.R. shall prepare a policy in this regard and place before the next meeting of SLSWCA after consultation with other Government Departments.

Meeting ended with a vote of thanks to the Chair and participants.
This is issued with the approval of the Chief Secretary.
