

**Minutes of the 104<sup>th</sup> State Level Single Window Clearance Authority (SLSWCA) meeting held on 01/10/2021 at 04:00 PM from the Chief Secretary's Office through Web Conferencing.**

The meeting was chaired by the Chief Secretary, Odisha. The list of members present is annexed.

Chairman, IPICOL, welcomed the chairperson and other participants and proceeded with the agenda.

**Agenda Item No.1: Confirmation of the minutes of 103<sup>rd</sup> SLSWCA meeting held on 04/09/2021**

Minutes of the 103<sup>rd</sup> meeting held on 04/09/2021 were confirmed.

**Agenda Item No.2: Action taken report on the 103<sup>rd</sup> SLSWCA meeting.**

SLSWCA noted the action taken on various items and further decided that:

Regarding development/construction of in-stream barrages and the Charge for water usage in slurry pipelines, a separate meeting will be convened by Water Resources Department.

**Agenda Item No.3:**

**Proposal of M/s ArcelorMittal Nippon Steel India Limited for Setting up an integrated 24 MTPA Steel Plant at Mahakalpara block, Dist- Kendrapada with an investment of Rs. 1,02,275.00 Cr.**

After detailed discussion, SLSWCA recommended the proposal of the company to HLCA, subject to the following terms and conditions:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage / assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.
4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of State Level Single Window Clearance Authority (SLSWCA).
5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.

6. The allotment of water quantity and source of water is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/ IPICOL.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.
8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.
9. The company must take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policy issued by Govt. from time to time, and register itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rainwater harvesting and ground water recharge is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
  - i. The transfer of the project takes place under a court order or statutory pronouncement
  - ii. When the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013.

**Condition No. 15 shall not be applicable for the project. Following additional condition may be applicable for the project:**

17. The company shall abide by the terms and conditions of the State Government policy to be made applicable for "Captive Jetty" and shall enter into a concession agreement for revenue sharing with the competent authority as may be prescribed by the State Government. An undertaking to this effect shall be submitted by the Company to IPICOL and Commerce & Transport Department of Government of Odisha.

**Agenda Item No.4:**

**Proposal of M/s New Modern Technomech Pvt Ltd for expansion of its project by setting up 70,000 MT Hot Dip Galvanized Steel Structures at Baripada, Dist- Mayurbhanj with an investment of Rs.55.00 Cr.**

After detailed discussion, SLSWCA in-principle approved the proposal of the company, subject to the following terms and condition:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage / assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.
4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of HLCA.
5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.
6. The allotment of water quantity and source of water is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/ IPICOL.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.
8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.
9. The company must take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policy issued by Govt. from time to time, and register itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rain water harvesting and ground water recharge is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
  - i. The transfer of the project takes place under a court order or statutory pronouncement
  - ii. When the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013

**Agenda Item No. 5:**

**Proposal of M/s Bio WMS Private Limited for setting up Biomass Plant with total capacity of Bio-CBG 19000 MT & LiquidCO2 29000 MT at five different locations in Odisha (Angul, Bargarh, Jajpur, Jharsuguda, Sambalpur) with an investment of Rs.319.25 Cr.**

After detailed discussion, SLSWCA in-principle approved the proposal of the company, subject to the following terms and condition:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage / assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.
4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of State Level Single Window Clearance Authority (SLSWCA).
5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by IPICOL (considering the benchmark report wherever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.
6. The allotment of water quantity and source of water is subject to assessment by IPICOL (considering the benchmark report wherever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/ IPICOL.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.
8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.
9. The company must take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policy issued by Govt. from time to time, and registers itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rainwater harvesting and ground water recharge is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.

16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
- The transfer of the project takes place under a court order or statutory pronouncement
  - When the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013

**Agenda Item No. 6:**

**Proposal of M/s Indian Farmers Fertilizer Cooperative Limited (IFFCO) to set up a new Nano Urea unit with annual capacity of 33,000 KL per year along with bottling unit with daily capacity of 2,00,000 bottle (500 ml) with a total investment of Rs.225 crores at its existing unit at Paradeep, Dist: Jagatsinghpur.**

After detailed discussion, SLSWCA in-principle approved the proposal of the company, subject to the following terms and condition:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage / assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.
4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of State Level Single Window Clearance Authority (SLSWCA)/High Level Clearance Authority(HLCA), as the case may be.
