Minutes of the 107th State Level Single Window Clearance Authority (SLSWCA) meeting held on 04/02/2022 at 04:00 PM from the Chief Secretary's Office through Web Conferencing.

The meeting was chaired by the Chief Secretary, Odisha. The list of members present is annexed.

Chairman, IPICOL, welcomed the chairperson and other participants and proceeded with the agenda.

Agenda Item No.1: Confirmation of the minutes of 106th SLSWCA meeting held on 15/12/2021

Minutes of the 106th meeting held on 15/12/2021 were confirmed.

Agenda Item No.2: Action taken report on the 105th SLSWCA meeting.

SLSWCA noted the action taken on various items.

Agenda Item No.3:

Proposal of M/s Gadre Marine Export Private Limited for setting up a seafood processing unit with annual production capacity of 6600 MT of surimi and 6300 MT of fishmeal at Village – Tundra, Block – Remuna in the district of Balasore with a total investment of Rs. 68.11 crore

After detailed discussion, SLSWCA in-principle approved the proposal of the company, subject to the following terms and condition:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage / assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.
4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of State Level Single Window Clearance Authority (SLSWCA).
5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.
6. The allotment of water quantity is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/IPICOL.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.

8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.
9. The company must take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policy issued by Govt. from time to time, and register itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rain water harvesting and ground water recharge is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
    i. The transfer of the project takes place under a court order or statutory pronouncement
    ii. When the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013.

Condition 5 may not be applicable to the instant case.

Agenda Item No.4:

Proposal of M/s Woodisha Nirman Udyog Private Limited to set up a Hotel at Gopalpur-on-sea, District – Ganjam with an investment of Rs. 81.78 crore.

After detailed discussion, SLSWCA in-principle approved the proposal of the company, subject to the following terms and condition:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage/assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.

4. The company will submit its action plan for implementation of the proposed project to Department of Tourism within 90 days of the communication of approval of Special Single Window Clearance Committee (SSWCC).
5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by Department of Tourism (considering the benchmark report wherever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.
6. The allotment of water quantity and source of water is subject to assessment by Department of Tourism (considering the benchmark report wherever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/Department of Tourism.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.
8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.
9. The company shall take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policies issued by Govt. from time to time and register itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rainwater harvesting, ground water recharge, reuse/recycling of water and water conservation is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
    i. the transfer of the project takes place under a court order or statutory pronouncement
    ii. when the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013.

Conditions 2, 15 may not be applicable to the instant case. Further, following additional conditions pertaining to Tourism projects will be applicable:

1. A sewage treatment plant is to be established alongwithprovision for solid waste management.
2. The project will avail water from PHD source and not use ground water for operational purposes, where PHD water supply is available.
3. Since, the project proponent is already in possession of 7 Ac. of land, the additional land required should be suitably assessed so as to limit on site specific conditions for connectivity & access required for a hotel project.

Agenda Item No. 5:
