District in Focus- Jagatsinghpur

Jagatsinghpur is one of the most industrialized districts of Odisha and has the unique advantage of a deep draft sea port at Paradip - the largest port on the east coast of the country. Paradip port recently joined the coveted century club for handling 100 MMT of cargo during FY 2017-18.

The transport infrastructure in the district creates a unique circuitous network of multi-modal connectivity providing an ecosystem for cost-effective operations by large industrial projects. The district is connected to NH-16 via NH-5A and SH-12 and to Howrah-Chennai rail link via Cuttack-Paradip railway line. In future, projects have been envisaged to further enhance both intra-regional and hinterland connectivity of the district via rail, road, waterways and air. Projects are underway to build new capacities such as railway line from Haridaspur to Paradip,

railway line from Paradip to Dhamra; and a 450-km long Odisha Coastal Highway.

Petroleum, Chemicals and Petrochemicals Investment Region (PCPIR) at Paradip is one of the four proposed PCPIRs in India. The PCPIR is anchored by a 15 MMTPA petroleum refinery established by Indian Oil Corporation Ltd. Jagatsinghpur is also home to several large fertilizer industries such as IFFCO, Paradip Phosphates, Deepak Fertilizers etc. In view of the conducive industrial ecosystem and competitive cost of doing business, several national and international companies have evinced interest in setting up manufacturing units in the district.

Frequently Asked Questions

GO SWIFT is one-stop solution for all required services by an investor during the investment life cycle of a project in a time-bound, hassle-free, paper-less and transparent manner. It also provides seamless integration with various IT applications developed by the Industries department. Going forward, we will cover some of the Frequently Asked Questions on GO SWIFT for the benefit of our readers from the investor community:

I wish to set up a new manufacturing facility in Odisha, how can GO-SWIFT help?

New investors can obtain all necessary information regarding proposed investments, select and obtain land, avail post-land allotment services from IDCO, apply for single window clearance. GO SWIFT facilitates statutory clearances for 32 G2B services from 15 departments. The portal also allows hassle-free incentive approach and sanction under IPR 2015.

I am an existing investor in the state, how does GO-SWIFT provide me assistance?

Existing investors can apply to regulatory agencies for renewal of services, take advantage of risk-based synchronized inspections, resolve issues with government departments and also dovetail CSR activities with the developmental goals of the state.

Testimonial

"We invested in Odisha in 2013 with our greenfield instant noodle plant. It is testimony to the quality of resources, manpower, and support that we get that we have decided to increase our footprint and investment in the State.

In 2012-13, when the GO-SWIFT system was not there, it took longer to get approvals and permissions. But this time, we applied and within two weeks received an approval. I think all states should follow this example"

-Mr. Gautam Sharma, MD, Indo Nissin Foods Pvt. Ltd.
