Make in Odisha Conclave 2018 - Microsite & Mobile App

Microsite

Make in Odisha Conclave is the flagship biennial business summit of the State. The event in 2016 met with resounding success and this year it promises to be even bigger. The 2nd edition of the event will be held during November 11-15, 2018 at Bhubaneswar. The Conclave will showcase the policy and regulatory environment, investment opportunities across focus sectors and the manufacturing prowess of the State to the global business community.

A dedicated microsite has been launched to share all key information regarding the Conclave to the participants. The microsite has been designed to provide a unique experience for the visitors, while informing the details regarding various events and the process of registration. The microsite can be accessed at https://mio.investodisha.gov.in/

List of Delegates participating - Facilitating B2B Meetings

Mobile Application

One of the novel features of the Mobile Application developed for the event is that all participating delegates at the Conclave can set up B2B meetings using the App.

Once a user has registered for the event identifying the sectors of interest, the user will be provided the list of all other delegates with same sectoral preferences, through the "Delegates at Venue" feature. Through the chat option, B2B meetings could be set up to discuss opportunities for collaboration.

The Mobile app "Make In Odisha 2018" is available on Google Play Store and Apple App Store

How to Register?

The registration process for the Conclave is quite simple and straight-forward. The registration can be done on the event microsite or on the Mobile App.

Post approval of the registration for various events by the concerned Departments, closer to the event, a QR code will be sent to the delegate which will provide access to participate in the Conclave.

State holds Investors' meet and one-on-one meetings at Tokyo, Seoul and Fuzhou

In the run-up to the 2nd edition of 'Make in Odisha Conclave', the State Government conducted Investors' meet and one-on-one meetings with potential investors in Japan, Republic of Korea and China. The State delegation led by Hon'ble Minister, Industries, Shri Ananta Das conducted roadshows to showcase Odisha's growth story and invited entrepreneurs to the Make in Odisha Conclave 2018.

Hon'ble Minister Industries addressed the investors and presented the success that the State has achieved in the past few years in creating a conducive ecosystem for industrial development. Companies from Japan and China operating in Odisha also presented their experience of operating in the State.

Odisha Investors' Meet at Fuzhou, Fujian Province, China

The delegation also held 1-1 meetings with representatives of key corporates in all the 3 countries operating in various sectors such as food processing, auto & auto-components manufacturing, chemicals & petrochemicals, apparel & textiles, electronics manufacturing and ancillary & downstream. The delegation invited the companies to explore setting up manufacturing facilities in the State and to participate in the Make in Odisha Conclave 2018.

Japan to be 'partner country' for MIO Conclave 2018

The trade, tourism and cultural ties between Japan and Odisha are likely to get a significant fillip with Japan agreeing to be the 'Country Partner' for the Make In Odisha Conclave 2018.

A senior business delegation from Japan led by the Ambassador of Japan in India will be participating in the Conclave.

Industrial Projects worth Rs. 2,900 crore launched

Hon'ble Chief Minister Shri Naveen Patnaik conducted the third groundbreaking ceremony for 15 new industrial projects including inauguration of two industrial projects. These projects will see an investment of over Rs. 2,900 crore and provide employment to approx. 3,000 people.

State approves land allotment to 38 projects

The State government accorded in-principle approval for allotment of land to 38 investment projects worth over Rs. 500 crore with an employment potential of more than 4,000. The industrial units are in employment intensive sectors of food processing, apparels and others.

Odisha adds agriculture, allied sectors to skilling initiatives

State's skill development spectrum is set to get wider as the government intends to bring in agriculture and allied sectors such as fishing and dairy farming under its ambit. Skilling efforts for agriculture assume importance as over two-thirds of the state's population depends on the sector for its livelihood. With a commitment to impart skill training to the youth, the state government has formed the Odisha Skill Development Authority (OSDA), an apex body with the primary objective of providing employable skills to 630,000 youths by 2018-19. OSDA has initiated and taken a number of steps to meet skilling targets as envisaged in the Chief Minister Employment Guarantee Programme.

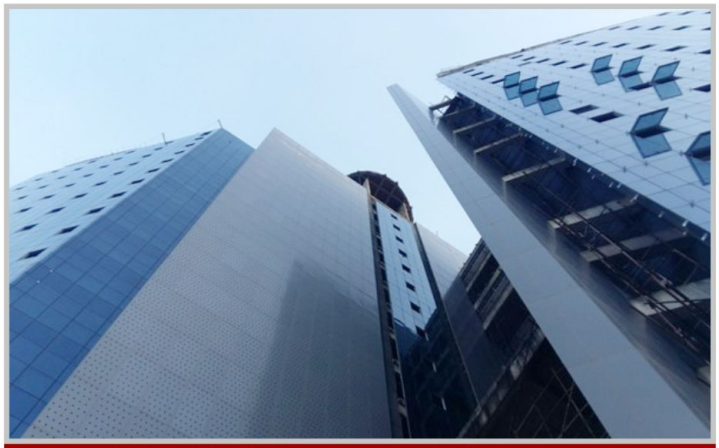
Odisha plans infra to boost investor interest in Shamuka tourism project

In a big boost to attract bids for the Shamuka tourism project, the State government has lined up an investment of around Rs. 150 crore on external infrastructure including water supply, electricity and roads for the project. The mega tourism project will be developed on Public-Private Partnership (PPP) mode and has a potential to attract Rs. 3,500 – 4,000 crore of investment.

India's first skill centre aims to make Odisha the world capital of trained manpower

In line with its vision to create a 'Skilled-in-Odisha' global brand, the country's first World

Skill Centre (WSC) is coming up at a newly constructed 18-storey building in Bhubaneswar. Each of the 18 storeys of WSC will be dedicated to different skills and will be Centres of Excellence for the respective trades. WSC will train 4,000 youngsters annually and offer advanced skills in manufacturing and services sector. An immersive, experiential learning environment combined with exposure to global industry will be the major differentiators of the skill programmes offered at WSC. WSC will house a Skill Museum and an advanced facility for



World Skill Centre at Bhubaneswar

training the trainers.

Boost for Odisha tourism as Taj Hotel, Hyatt, ITC plan properties in state

In a fillip to the tourism sector in the State, large hotel brands such as Taj Hotels, Hyatt Hotels, ITC Hotels and Crown Plaza are in discussions with the State Government for putting up properties in the state. ITC Group is putting up a 110 room five star hotel in Bhubaneswar. The state's tourism department is engaging key state-based hoteliers to tap the franchise business model with flagship brands such as Hilton Group, Sheraton Hotels and Resorts, Radisson Hotels, Taj Group and Starwood.

NSIC signs pacts to skill State's youth

National Small Industries Corporation Limited (NSIC) has signed two Memorandums of Understanding (MoUs) to enhance the skills of State's youths. The first MoU is between the Rourkela Steel Plant and National Scheduled Tribe Finance Development Corporation to setup a livelihood Business Incubator at Rourkela. NSIC has also signed an MoU with SAP for skilling youth on enterprise software. The NSIC has built its largest office building in eastern India with a built-up area of 1,10,000 sq. ft. at Bhubaneswar.

Odisha will be hub of agro & food processing in East

The State Government has been facilitating creation of an ideal business eco-system to make the state a hub for food processing sector in the eastern region. To complement the State Govt. initiatives such as Food Processing Policy 2016 and specific subsidies for mega food parks in the Industrial Policy, 2015, food parks such as Sea Food Park at Deras and MITS Mega Food Park at Rayagada have been developed to facilitate investments in agro and food processing sectors.

Swosti Group To Launch Three New Properties In Odisha

Bolstered by the 25 per cent increase in the occupancy in the state in the last 1 year, Swosti Group has announced plans to introduce three new properties in the State including a hotel at Puri, and eco-tourism projects at Satpada and Bhitarkanika.

Jindal Stainless plans major ramp-up of Odisha facility

To tap the rising demand for stainless steel in the domestic market, Jindal Stainless Group is looking to ramp up the cold-rolling capacity of its Jajpur facility, by nearly 2 lakh tonnes

GO SWIFT- Ensuring Investors' Delight

Frequently Asked Questions

GO SWIFT is one-stop solution for all required services by an investor during the investment life cycle of a project in a time-bound, hassle-free, paper-less and transparent manner. It also provides seamless integration with various IT applications developed by the Industries department. As part of our awareness campaign, we will cover some of the Frequently Asked Questions on GO SWIFT for the benefit of our readers from the investor community:

How can I be sure that approvals will be provided in a time-bound manner?

Government of Odisha is committed to providing unmatched facilitation support and time-bound clearances to investors. Timelines for various approvals are mapped under the Odisha Right to Public Services Act (ORTPSA). Further, progress of applications by business units and status of clearances is being monitored at senior levels of Government through customized dashboards.

In case a state government department has its own online portal, do I still need to apply on GO-SWIFT?

All industrial/business units are encouraged to apply on the departmental portal through GO-SWIFT. This will facilitate interdepartmental coordination and tracking of applications by senior government officials using the dashboard on the GO SWIFT portal. Non-Industrial/ Non-business applicants may continue to apply directly for desired services on the online portals of the concerned departments.

Testimonial

We have applied for our project recently through GO SWIFT portal for single window clearance. The interface of this portal is user-friendly, easy to access and helps in speedy process of application. Further, this acts as one stop clearance platform for all project related services and facilitates all types of approvals in a single stroke.

-Mr. Amod Barve, CEO, Volta Green Structures
