Introduction

Industries Department of the Govt. of Odisha has developed the online *Single Window Portal* in order to facilitate 'Ease of Doing Business' and foster a conducive business environment in the State. It acts as a single window for clearances from 15 state departments, leveraging technology to bring in transparency, improve efficiency and extend time-bound clearances to the investors.

The *Single Window Portal* allows seamless integration with portals of different government departments thereby eliminating the need to fill forms multiple times, ensuring time-bound clearance, as well as ensuring single login credential for all applications. It acts as a one-stop solution for information, registration, approvals, e-payment and application tracking for clearances/approvals. It also provides updated information relating to relevant rules, regulations, orders and policy initiatives and schemes for guiding the investors. In addition to this, the portal sends alerts, via email and SMS, to applicants about the progress on their submitted applications.

Other key features are:

- Information regarding status of approved proposals, proposed investments and pending applications.
- An online grievance redressal and feedback mechanism, to timely address issues faced by investors.
- Existing online systems such as Land Bank (GO PLUS), Central Inspection Framework and Automated Post Allotment Application (GO iPAS), and the GO CARE are integrated into the *Single Window Portal*, making it a one-stop-shop for a plethora of services.
