Directorate of Labour > Registration of Principal Employer's establishment under the Contract Labour (Regulation and Abolition) Act, 1970

[User Manual](#)

General Instructions
Principal Employer according to Contract Labour(R&A) Act, 1970:

- In relation to any office or department of the government or local authority, the head of that office or department or such other officer as the government or the local authority, as the case may be, may specify in this regard.
- In a factory, the owner or the occupier of the factory and where a person has been named as a manager of the factory under the Factories Act, 1948, the person so named.
- In a mine, the owner or the agent of the mine and where a person has been named as the manager of the mine, the person so named.
- In any other establishment, any person responsible for the supervision and control of the establishment.

As per provisions of Sec. 7 of the Contract Labour(R&A) Act, 1970, every Principal Employer engaging 20 or more contract labours in his establishment has to apply for registration of his establishment.

Based on the geographical location, and the application will be routed to the designated Labour Officer. Prior to applying to this service, if the applicant has applied for PEAL, the first section of the Registration or Renewal of Registration of an Establishment under the Contract Labour(R&A) Act, 1970 will get auto-populated from the PEAL form. Applicant who did not fill the PEAL form, will have to fill all the fields.

Fields marked with '*' are mandatory and should be filled in before submitting the form on the single window portal. Leaving fields blank in the Form is not allowed. In

Click on Proceed

Procedure for Authorization under E- Waste Management Rules, 2016 in Online Consent Management and Monitoring System

INTRODUCTION

In order to bring transparency in processing application for Authorization under the E-WASTE MANAGEMENT RULES, 2016, an Online Consent Management and Monitoring System (OCMMS) has been introduced by the Board with effect from ____08.2018. The system aims at reducing the processing time of application and related paper works, thereby improving the overall performance. The OCMMS is highly interactive menu driven, user friendly and a customized package which can be used by non-specialists and users. The navigation in the system is user-friendly both for applicants and Boards officials.

The step by step procedure of online Registration under the E-Waste Management Rules, 2016 contain the instructions for the applicant. The State Pollution Control Board officials shall process the application appropriately.

1. For making an application for obtaining E-WASTE Management Rules, 2016, the applicant shall go either through the State Pollution Control Board website at www.ospcboard.org or Odisha Online Consent Management & Monitoring System (ocmms website) by www.odocmms.nic.in

www.ospcboard.org website

www.odocmms.nic.in website

2. **Online Registration:** Before making online application for Registration under E-Waste Management Rules, 2016, the applicant has to click on "New Industry Registration" Link to obtain user ID and password.

Reset

Industry registration page i.e. Occupier details

- After filling all details in “Industry Details” there is an option to fill up “Occupier details”. In occupier details “Hint Question” is very important for user because it is required in the case of change in password or reset password when password is forgotten.
- Email address as well as mobile phone number are also equally important in occupier details, because the user receives all related information from OCMMS through SMS or email.

- The existing users who has ID and password they can login directly to OCMMS.
- The applicant can “Reset” the form if he wants any corrections and save it by clicking “Save” button.
- After clicking the “Save” button, user will receive the User ID and Temporary Password as highlighted in the screen.

Note: Please note down the User ID & Password for future reference

Change Password Option:

On home page, the user has to select “industrial login”, and user ID and password with captcha code are to be entered and login to be clicked. The first login shall be with auto generated password; however this password should be changed for security reasons. The system will automatically redirect to home page.

Industrial Login:

Industry user need to select “Industrial login” with user ID, password & captcha code to “Login”.
