Authority: State	Name of the Best Practice: Online system for Industrial Water Consumption & Revenue Collection Monitoring (IWCRCM)
Department Name: Department of Water Resources	Is the reform a part of BRAP Action Plan: No
State Name: Odisha	
Best Practice Number: 2	

Question	Answer
Pre-reform scenario	Earlier there was an absence of an automated mechanism for industrial water allocation, billing and collection of water.
Objective	• An automation mechanism for industrial water allocation, billing and collection of water. • Providing better quality services to the industrial stakeholders at their doorsteps for industrial growth
Impact Data regarding ground level difference resulted due to reform	• Achieved water rates target of ~850 crores • 1198 industries have registered. • Water fees collected online is ~3800 crores.
